

**HILL COUNTRY UNDERGROUND WATER**  
**CONSERVATION DISTRICT**

Notice is hereby given that that the Hill Country Underground Water Conservation District received a permit application from the following applicant. The application request is to produce two-acre feet of groundwater or less therefore the General Manager may issue the permit without action by the Board.

Written comments on the Permit Application(s) must be filed (i.e. received by the District and date stamped) with the District no later than 4:00 p.m. on Monday, August 29, 2016.

**Applicant**

**Applicants Name:** Heinrich & Barbara Otters

**Location of Well(s):** 527 Chaparral Drive

**New or Existing:** New

**Requested Amount:** 0.75 acre feet annually (244,500 gallons annually)

**Proposed Use:** Commercial

**General Managers Recommendation:** Well permit application is administratively complete and the proposed/existing well meets the production limit but not the spacing requirement from property lines of the District Rules, however applicant has obtained variances from the effected adjoining landowners.
