

HILL COUNTRY UNDERGROUND WATER
CONSERVATION DISTRICT

Notice is hereby given that that the Hill Country Underground Water Conservation District received permit applications from the following applicant. The amount to produce is two-acre feet of groundwater or less; therefore, the General Manager may issue the permits without action by the Board.

Written comments on the Permit Application(s) must be filed (i.e., received by the District and date stamped) with the District no later than 4:00 p.m. on Monday, June 16, 2025.

Applicant

Applicants Name: Benjamin Suarez (Rosa Suarez)

Location of Well: 382 CD Lane

Number of Wells: 1

New or Existing: New

Requested Amount: 2 acre feet annually (652,000 gallons annually)

Proposed Use: Commercial

The well permit application is administratively complete and the proposed well meets the production limits of the District Rules, however the well did not meet the 200 feet minimum distance setback from property lines for a permitted well with an actual pumping capacity up to 200 gpm for a well located in a High Historical Groundwater Use Area. Please note an affidavit has been completed and signed by all parties.

Requests for additional information, questions and comments may be submitted to:
Paul Babb, General Manager, Hill Country Underground Water Conservation, 508 South Washington St.,
Fredericksburg, Texas 78624. Telephone: 830-997-4472; e-mail: hcuwcd@austin.rr.com.
